Master Publishing System – Campaign Setup & Doctor Engagement Flow

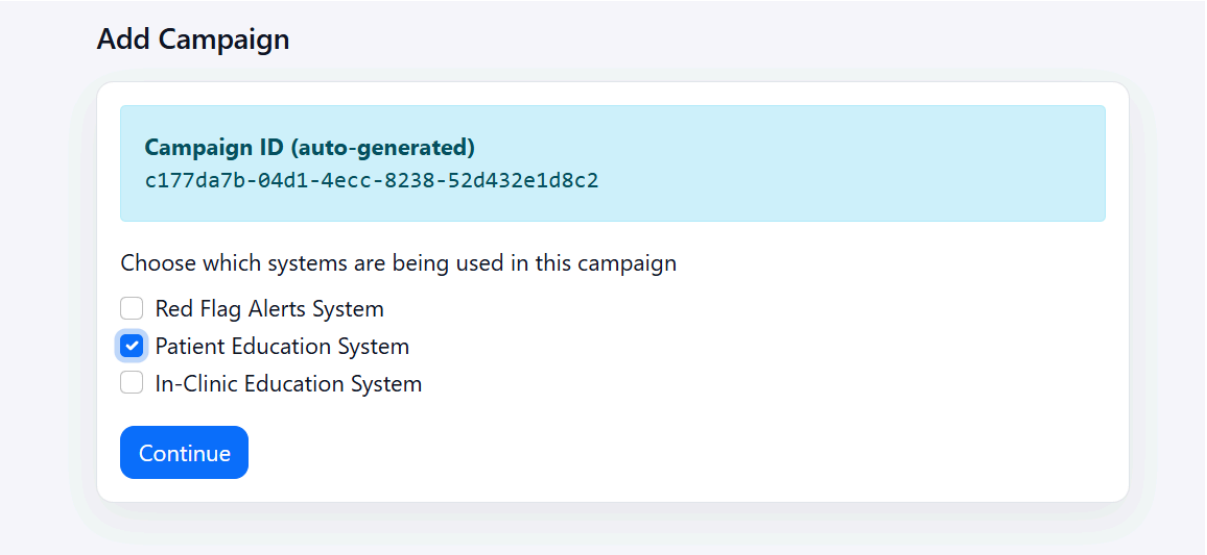
1. Login to Master Publishing System

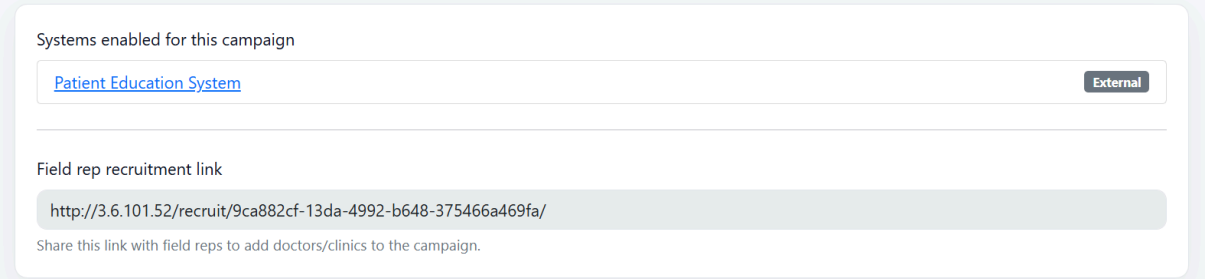
- **Login URL:**https://red-flag-alerts.co.in/publisher/login/
- **Email:** niomi.samani@inditech.co.in
- **Password:** `zrWBbDTFc3Yy`

---

2. Create a New Campaign

1. Navigate to **Add Campaign**.
2. Select the **PE System** checkbox.
3. Click **Continue**.
4. Fill in all required campaign details.
5. Upload the CSV file for **Field Reps**:
    - Use the attached sample CSV.
    - Add your own record to the file before uploading.
6. Proceed to the next page, where a link to the **External System** will be displayed.

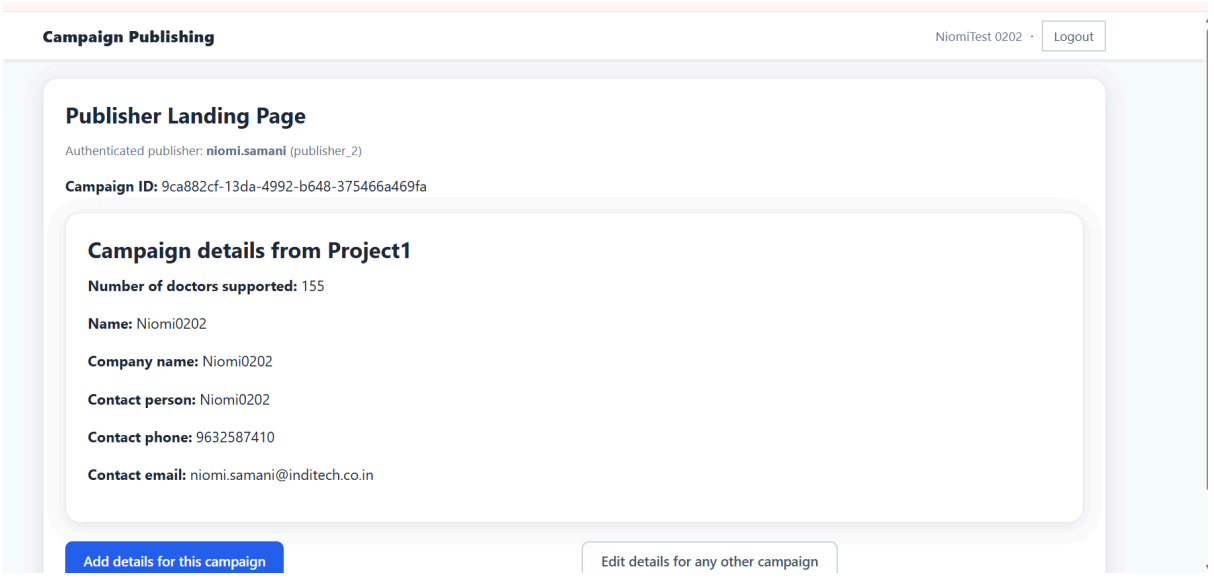


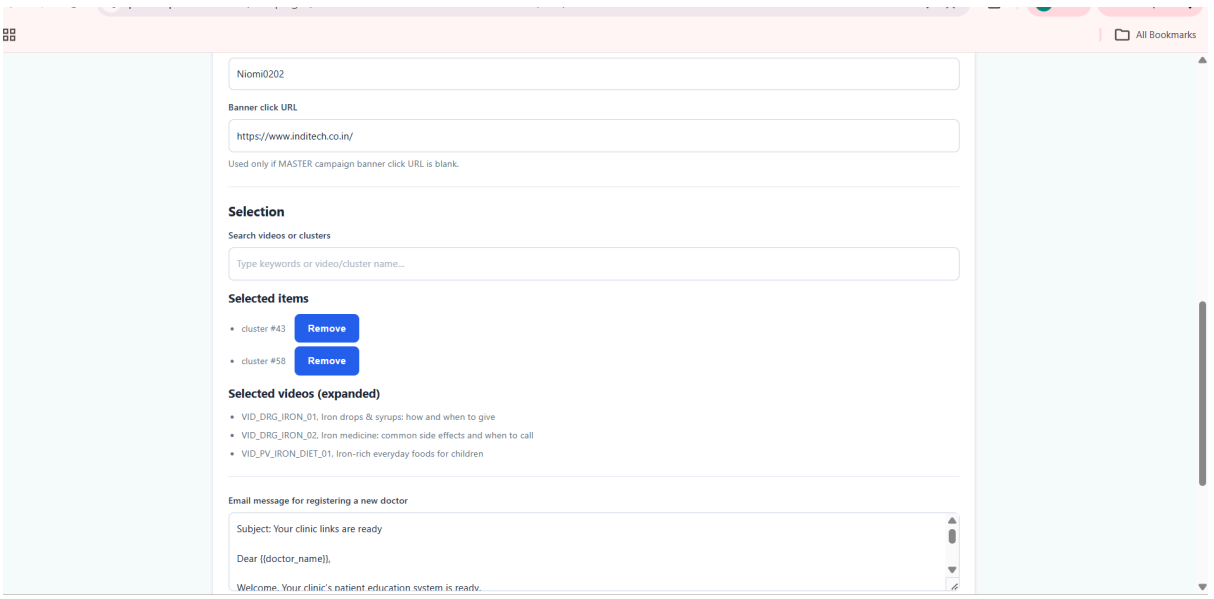


---

3. Configure Campaign in External System

1. Click on the **External System** link.
2. Select **Add Details** for the campaign.
3. If required, create a **new video cluster** specific to this campaign.
4. Click **Save**.

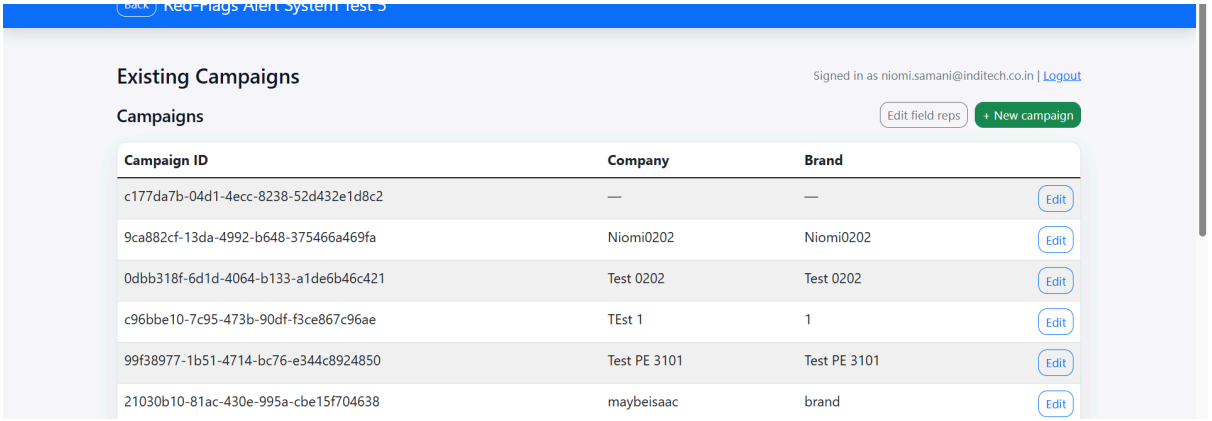




---

4. Edit Campaign in Master Publishing System

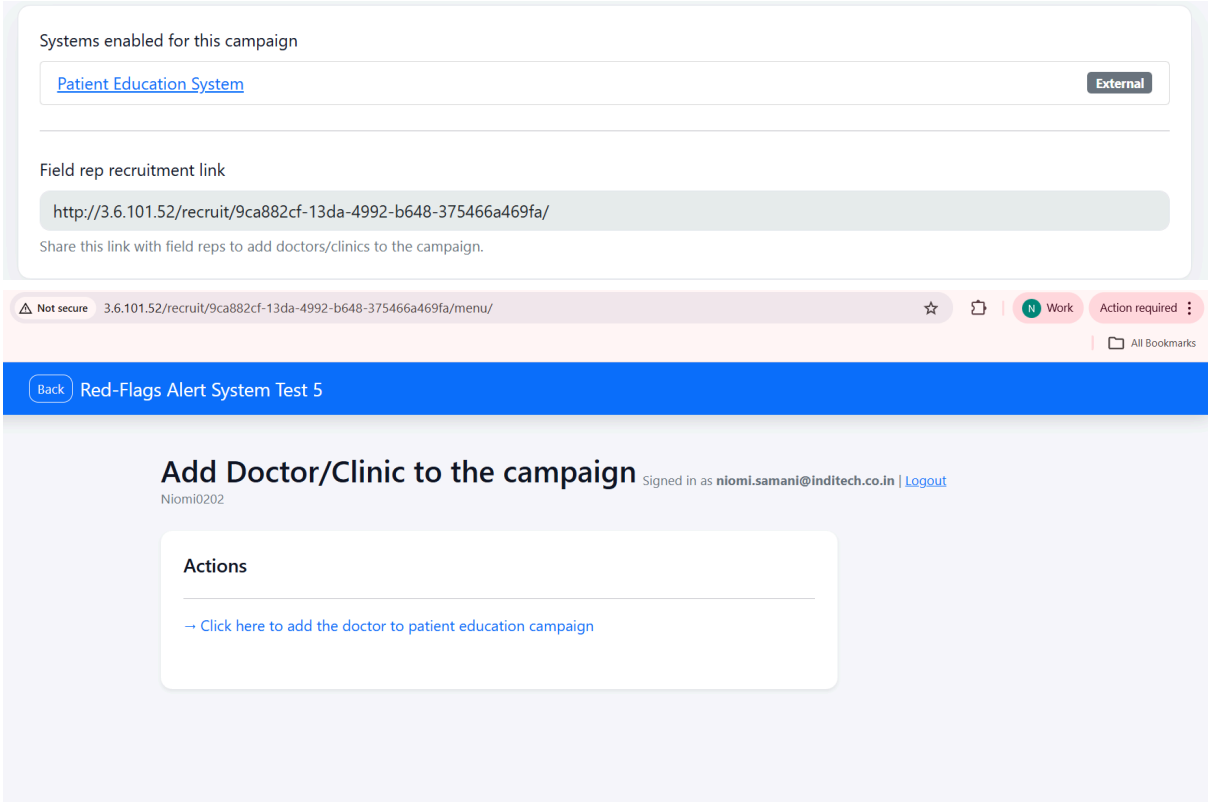
1. Return to the **Master Publishing System**.
2. Go to **Edit Campaign**.
3. Click **Edit** for your brand.
4. Locate the **Field Rep Recruitment Link**.

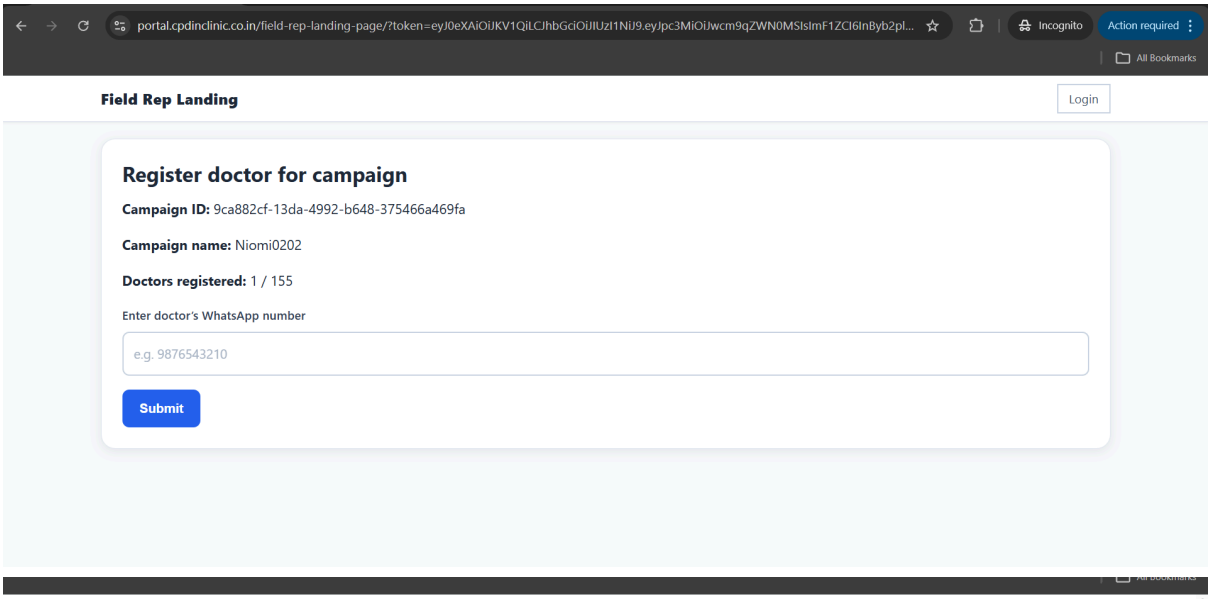


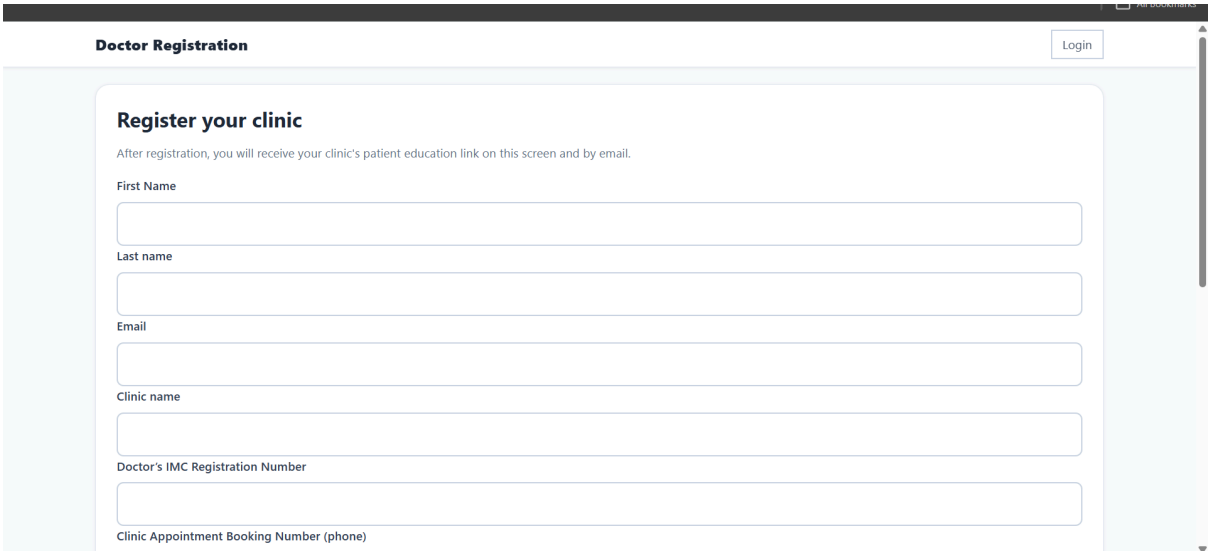
---

5. Doctor Registration

1. Click the **Field Rep Recruitment Link** to add a doctor.
2. Check if the doctor is already registered by entering their mobile number.
3. If not registered, complete the **Doctor Registration** process.
4. The doctor will receive an email with:
    - Login credentials
    - System access details







---

6. Doctor Login & Video Sharing

1. After logging in, the doctor can search for and select any of the following video titles:
    - **After an asthma attack: preventing the next one**
    - **Mild head injury: what checks were done in hospital**
    - **Bronchiolitis in babies: what parents need to know**
2. Select a video and share it with the patient.

to me

Hello NiomiTest 0202,

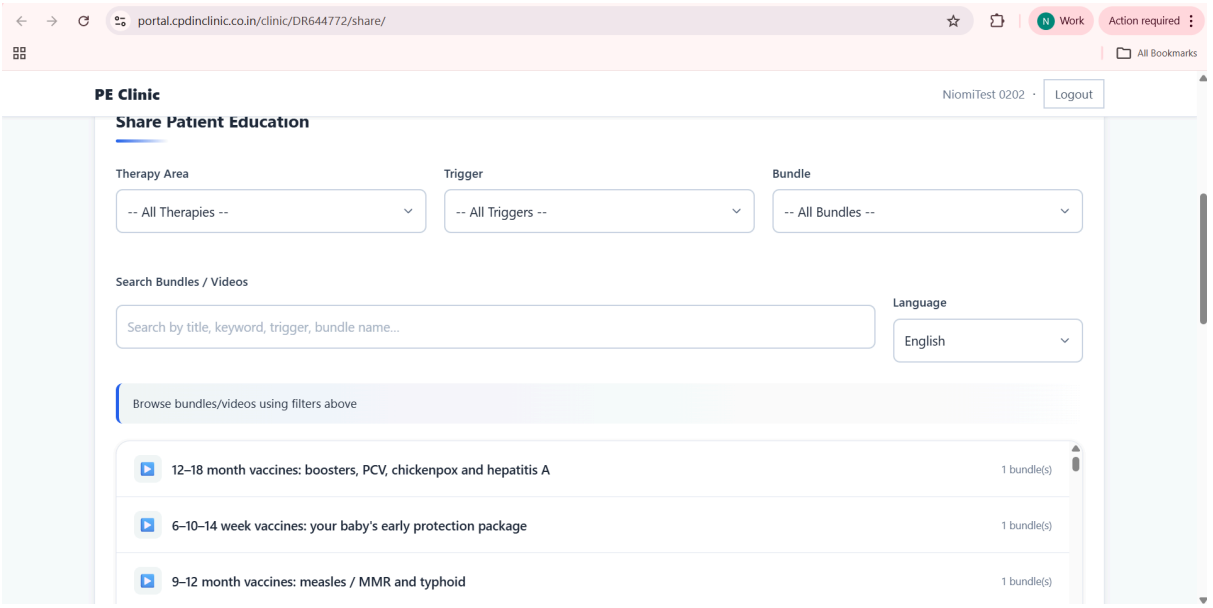
Your CPD in Clinic portal account has been created.

Doctor ID: DR644772
Login link: https://portal.cpdinclinic.co.in/accounts/login/
Clinic sharing link: https://portal.cpdinclinic.co.in/clinic/DR644772/share/

Username: niomi.samani@inditech.co.in
Temporary password: 9BN7xUqfdP

If you have trouble logging in later, use the 'Forgot Password' link on the login page.

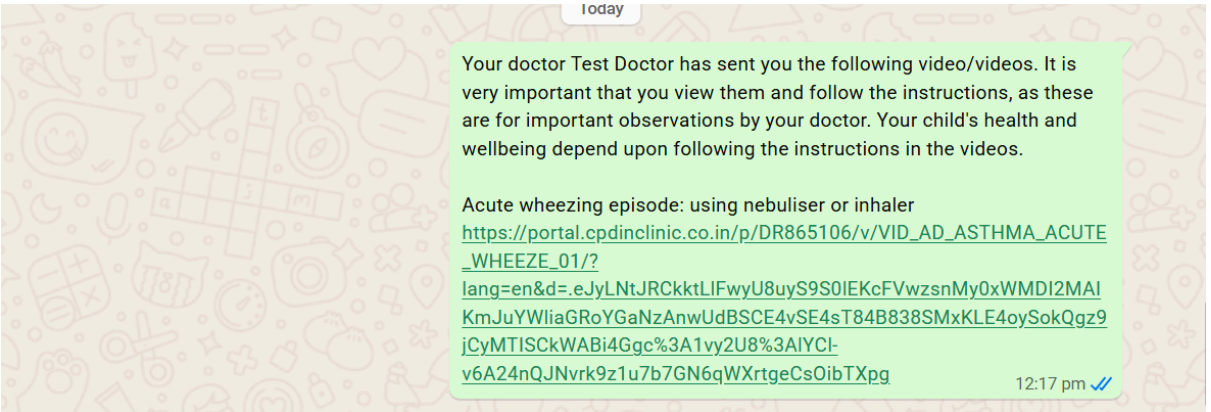
Thank you.

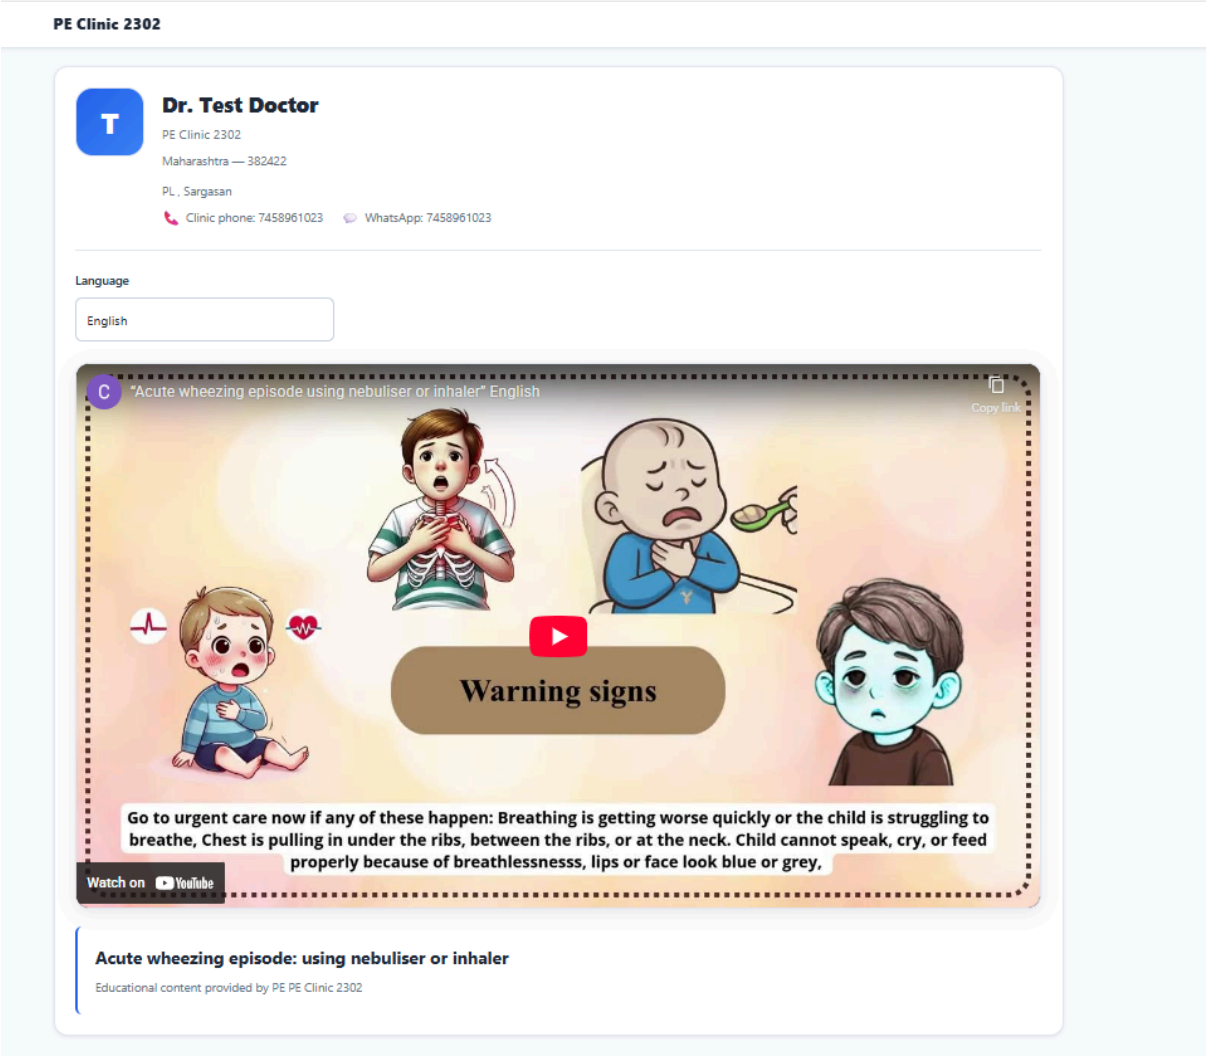


---

7. Language Selection

- On the **Doctor Page**, the language can be selected before sharing.
- This selected language will be used for the **WhatsApp message** sent to the patient.
- On the **shared link**, the language can be changed, and the video will automatically appear in the selected language.



8. Patient Page


- On the **Patient Page**, the language can be selected to view the video.
- In case a single video is shared the video is embedded and below it the title is displayed in the selected language.
- In the case of video bundle being shared , the videos are stacked one after the other with the title on top of each video - in the language selected.
